## Message from the Headteacher

'It is the boys who make Brymore special', and I never tire of reminding people of this. However, I strongly believe that it is the hard work of the staff that allows them to flourish in so many ways. At the end of an historic year, it is the staff that I wish to pay tribute to, as their dedication and commitment is unbelievable.

Preparations to take Year 7 for the first time this year started over a year before they arrived with staff taking the time to visit other schools, and ask the then Year 6 boys what activities they would like to see at Brymore. Staff put on over 170 different activities and trips last year in order to provide the breadth of experience Brymore boys deserve. They have given up hours of their own time supporting and mentoring boys both before and after school. I have received many letters from parents indicating how staff have supported their son, and even themselves when things have become difficult. Staff have pushed boys hard in the classroom, again giving up evenings and weekends to help prepare Year 11's in particular for the exams, often marking work immediately it had been completed so that boys got instant feedback.

Activities week takes a lot of organising, with staff spending hours planning and making sure things are in place for it to happen, despite it being at the end of a busy year. The Harvest Festival, Christmas Carol Concert, cross country, sports day, swimming gala, leavers' service, presentation afternoon, triathlon, house finals, Year 7 production, induction days and of course Open Day all involve huge amounts of time, given freely by staff outside of their 'normal job.' Even during the holidays there is no let up, with the school manages weddings, festivals, youth and church groups with thousands of visitors, all of which need to be hosted and catered for. These functions all help generate much needed funds that can then be spent on the boys. Of course the farm never closes and the gardens and grounds need constant maintenance.

The level of commitment shown by the staff at Brymore really is unique. As the Head I have a responsibility to push staff hard whilst ensuring they are looked after and that they have a healthy work-life balance. I am not convinced I do the second bit that well and I am sure that the staff work so hard for one simple reason - they care. They care about the boys and constantly strive to push, support, cajole, inspire and do whatever it takes to get the best out of them, whether they are dealing with the boys directly or carrying out one of the many and vital support roles within the school.

So, I am a lucky Headteacher because I have been given the privilege to lead such a fantastic group of boys. I am also lucky because that privilege is extended to lead such a fantastic group of staff also.

I hope all boys and staff have a restful summer break (although for some that may not be the case) and that parents enjoy spending some extended time with their son. That is exactly what I intend to do, and I look forward to welcoming the boys and staff back in September, whether they are returning, or joining us for the first time.

Best wishes

## Open Day 2015

Our annual Open Day and Country Fair came with great sunshine and a huge crowd of over 4,500 people! With cars queuing back to the A39 and people arriving well before the 10.30am start time it really was one of the best ones we have held.

The boys started the day in the main arena with their stock showing and Brooks Carey was announced as Champion for the day with Matthew Ranson as Reserve Champion. Freddy Parker and her duck herding collies gave two superb shows interacting with the hoards of families and this was closely followed by the National Animal Welfare Trust who did their dog agility display. The culmination of a lot of hard work was the Grand Parade where all the boys who showed their stock in the morning came with their animals to walk all together around the ring - including the school bull, Forrester, a real sight to behold.

Visitors spent the day trying out exploding experiments in science, taking a step back to the American West with the history department and trying out their artistic flair with the Art teacher! The farm was a big attraction with the newly hatched chicks, baby calves, noisy pigs and the meat sale of our own grown cuts was especially popular.

The gardens flourished and boys were kept busy talking people through their produce and selling plants to the masses. The queues on the PE run archery activity didn't quieten and the bouncy castles, run by an old Brymore boy, were constantly in use; the ice cream queue was ever present and the classic car and interesting vehicle show saw a constant stream of visitors. FOBSA did a brilliant job in supporting the school through their provision of refreshments and sold out of everything and yet again the tug-of-war proved a popular end to the day for all.

Ultimately a great day in the Brymore calendar and we thank everyone who came to help us celebrate our wonderful school! (Ms Warren)

## Biggleswade to Brymore

We were very proud when Richard Rook, who left us in 2014, came down our driveway in his classic Massey Ferguson 35 having driven it all the way from his home in Biggleswade, Bedfordshire. Richard had decided that to raise money for PAPPYRUS and in honour of Jake Bowles, a Brymore boy who tragically took his own life last year. Richard took on the feat of driving over 200 miles on the back roads to Brymore in time for the Open Day, raising over £5,000 for charity.  
(Ms Warren)

## Young Farmers Club

This year has been a very successful year for the school's Young Farmers Club, with record numbers of boys joining. We were the club with the highest percentage increase in numbers in Somerset, unfortunately being a 'closed' club we weren't eligible for the Gass Trophy at the Somerset Federation of Young Farmers AGM.

There were five evenings only where we didn't have a speaker or activity leader, these spaces were filled at the last minute on two occasions by Mrs Wendy Welland and a couple of quizzes and I still have my holiday snaps of the Galapagos Islands in reserve!

Since the Easter break we have had a very interesting presentation and quiz by Philip Trim, Wendy Welland speaking on the art of spinning and Neil Garrod in a follow up to an earlier visit, showing us how gun dogs are worked, out on Pond Field. We also managed to fit in two trips to the Team Growers in Bridgwater where we learned about growing strawberries for sale to one of the big four supermarkets. I would like to use this space to thank those fathers who were 'volunteered' to come in to speak to the boys. If anyone out there feels they could come in and talk to our group, please contact me.

We have said our thanks to the outgoing Chair and Vice Chairs, Callum Harris, Matthew Ranson & Chris Birchall-Mann and hope they will find some time in Year 11 to call in and visit us. The new Chair and Vice Chair are Lee Marsh and Ed Loder.

Upcoming events from September will be attending the Harvest Festival in Wells Cathedral in October, the Somerset Federation AGM, being held at the school for the second year, in November and entry into the Regional Public Speaking and Reading Competitions, more of that in the next edition.

Thank you to all at school, Somerset YFC HQ and the boys who make Thursday evenings a pleasure. (Miss Bradford)

## New Year 7 and 9 Induction

It was a pleasure to welcome the new Year 7 and Year 9 boys for their induction days. Apprehensive boys and parents arrived on day one of their year specific day and were greeted by boys who showed them to the boarding houses and where they could try on uniform for sizes, with Matron.

Mr Thomas spoke to the parents before advising them to make a swift exit so we could begin to get to know their sons. Boys were put through basic testing, which will help inform us how to set them in their subjects come September, before orienteering with members of staff and some poolside team building activities topped off their night. Parents returned the next day to smiling boys who had all made some friends ready for the new term and their new school. (Ms Warren)

## New Dining Hall

We were delighted when the new dining hall was opened and boys were able to use it after what seemed like months and months of building works! The new dining hall, whilst only slightly bigger, is lighter and brighter than the old one with a modern feel and in addition it holds the heat better allowing us to cater for more functions in the holidays. The feedback from the boys has been positive and we hope most parents have had the opportunity to have a proper look at it now too. (Ms Warren)

## Activities Week

An action packed week of activities was planned for the boys for the last week of term; offering them some team bonding, fun and most of all an opportunity to learn new skills or to gain further knowledge.

The week kicked off with Year 7 heading to Minehead to try out their skills at the skate park and climb the bouldering wall, the Year 9 completed the Quantock Challenge and the Year 10 learnt kayaking and stand-up paddle-boarding at Wimbleball Lake. Day 2 brought more sunshine and an early start for Year 7 who travelled to the Eden Project in Cornwall, Year 9 completed the high ropes course and did team-building in Cannington, whilst Year 10 took on axe throwing and catapulting on Exmoor.

On Wednesday it was the turn of the Year 7s to do team-building and high ropes whilst Year 9 went to the Eden Project and Year 10 undertook beach activities in North Devon.

The sunshine continued to play a helping hand to the week and by Thursday the Year 7 boys were exhausted but very excited about their adventure day at school which involved archery and orienteering. Year 9s were ferried to Bristol Zoo for a day with the animals and Year 10 started their expedition on the Quantocks before they camped for the night - what they didn't know was Mr Thomas was also camping! The Year 10 woke up on the Friday (not quite as fresh as daisies!) to cook their breakfast before trekking their way back to the school. Meanwhile Year 7 boys were treated to an art workshop at school and the Year 9s boarded buses to Minehead beach led by Geography teacher Mr Sawyer. The week was enjoyable for both staff and boys and a great way to end the academic year.

Thanks must go to FOBSA who have heavily subsidised this week, to the tune of £3,500, in order to allow it to take place. (Ms Warren)

## Stamp Collection

We are collecting used stamps from envelopes to raise funds for a local charity. Elliot's Touch was set up by his parents after Elliot died aged just one year old and they are trying to raise money to help raise awareness and funding research into cardiomyopathy in children and mitochondrial disease. If anyone wants to let the office have their used stamps then please would you be kind enough to cut them from the envelope leaving a gap of 10mm and send into the school office. (Ms Warren)

## Last ever Chads!

Many old boys returned for the symbolic running of the last ever Chads, however the last Friday of term saw the actual last Chads run completed by Mr Spridgens, who also ran the first ever Chads back in 1982. Chads has become part of the history of Brymore, playing a key role in the building of resilience amongst the boys. This year Chads has been completed 2,096 times, with an estimated 102,000 Chads being run since it began. This equated to over 320,000 miles, or 13 times around the earth or the equivalent of reaching the moon and half way back. Many boys have built their fitness through Chads including Brymore old boy, Alex Wright whose record will now stand forever. A school run will always remain, and a new route is being sought as physical fitness remains a key component of life at Brymore. (Mr Thomas)

## LRC

The Library section of the LRC is having a major make over during the holidays, the reference section is being severely reduced as all the out-of-date reference books are weeded from the system and sent for recycling. This hopefully, will give us more space for the increase in reading books that the library is anticipating due to the increase in younger boys who read for fun. The remaining books will eventually be sorted into genre rather than by the Dewey system i.e. Big Truck & Tractors; Wheeled Sports; Bugs and Bee's. Once the reference section is sorted I hope to start on the reading books and shelving them by genre as well, not so easy and before anyone asks why so long, there will be over 15,000 books to sort after the 'big weed'.

The current Year 7 have been a joy to issue books to, as have an increased number of Year 9s, although both groups are not too hot on returning the books. I currently have over 40 books signed out that are overdue. If your son has a library book would you please make sure he returns it the first week back after the holidays? (Miss Bradford)

## County Shows

As a school we had a stand at the Devon County, the Bath & West and the Royal Cornwall Shows this year. The weather was much kinder than previous years and, as always, the boys were the best advocates for the school when talking to the public. It is always a wonderful way to spread the word about Brymore but to also catch up with current families, old boys and parents from across the ages; all with their own individual Brymore story to tell! (Ms Warren)

## Extra Curricular Activities

The boys have continued to make the most of the activities put on for them this year, which amounted to more than 170 different opportunities for the boys. In the last half term the following activities were run alone: swimming, ultimate frisbee, baseball, guitar, drums, mountain biking, X-Box competitions, book night, Young Farmers Club, touch rugby, a visit to Brean Leisure park, golf coaching, athletics, remote control cars, blacksmithing, woodwork, ten-pin bowling, man hunt, pool competitions, a theme night, cinema trip, visit to watch England play New Zealand at cricket, bee club, working on plots, cricket not to mention Chads. It is worth noting these have all taken place in the last **six weeks** and do not include those run during activities week. Thanks again to staff for making these happen.

### Year 7 Goldilocks Production

Many thanks to Mr Fewtrell and the Year 7 boys who worked hard to put on Brymore's first production for many years in front of parents, staff and the rest of their year group. It was good to see so many boys showing confidence, working together as a team and proving that drama has a key role in the Year 7 curriculum. I am sure Goldilocks has been performed many times before, but never with a Brymore/Mr Fewtrell twist which certainly added to the afternoon! (Mr Thomas)

### Triathlon

On a sunny Saturday in June we held our annual triathlon, a tradition started by Brymore boys over three years ago.

Walker house won the overall team event, followed by Galsworthy and then Taylor. The 'minithon' for those in the lower school was won by Harry Meade with Ben Coggan and Amari Shambler coming second and third respectively,

The 'ironman' was won by Toby Bull in under 19 minutes, closely followed by Harry Taylor-Page in second place and then Jack Mills coming home for third place.

Another great Brymore tradition that goes from strength to strength and our thanks to the PE department for incorporating this into their calendar. (Ms Warren)

## North Petherton RFC Mini & Juniors Summer Information

- Exeter Chiefs Rugby Camp
- Thursday 23<sup>rd</sup> & Friday 24<sup>th</sup> of July
- U7-U15's 9am until 3 pm
- £40 for the 2 days
- Book through facebook page link or on Exeter Chiefs Web Page
- Children receive an Exeter Chiefs Goody Bag

- Sunday 30<sup>th</sup> Of August 10 am -12 noon
- NPRFC Enrolment Day for Season 2015/2016
- Join a great team!
- Come Meet the Coaches and join in a training session
- Buy new kit
- Pay Membership fees

### GUN AND DOG DAY FOR YOUNG SHOTS

Friday 21st August 2015, Near Cullompton, Devon  
10am—1pm (approx)

Westward Gundog Society and BASC SW are offering a chance for youngsters with an interest in gamekeeping and gundogs to find out more about the job, training a working dog

The day will start at 10am. Westward Gundog Society will go through the training of a dog from pup to adult, discuss different breeds and their various uses; there will be a gamekeeper to talk about the role and getting into keeping, and a BASC coach to polish up your shooting skills.

If you have a dog you would like to train you are welcome to bring it with you and the trainers will advise you on the next steps.

£15 per person

Contact the BASC SW office on 01884 260910 or southwest@basc.org.uk for booking and information

## BASC Young Shots Intro Day

In partnership with South West Lakes Trust

Sunday 16th August

Wimbleball Lake, Exmoor

8 - 16 years old?  
Fancy trying.....

- Shotgun Shooting
- Air Rifles
- Gun Dogs
- Fly Fishing
- Bushcraft

*There's something for everyone*

**BOOK NOW! Spaces are limited**

To book or for more info call: - 01884 260910

OR email: -southwest@basc.org.uk

## Horticulture

Boys raised up plants and planted troughs seen throughout the village as part of Cannington in Bloom - they did a great job and have contributed something to the community.

Links are being forged with Mark College to enable them to set-up their own Horticulture department. We are also working with Spaxton primary school to refurbish their willow house dome and have been into Somerset Bridge primary school to help them plant up an area which has just been built. Many thanks to parents and old boys who supported us on the Open Day where we were extremely busy and it is always nice to catch up with everyone. Some boys have very productive plots in the walled gardens however some have allowed the weeds to overtake and they really need to do some work on making them good again. We are now very busy with fruit picking and flower picking and cut flowers are available in the department throughout the summer. Our plant trolley continues to be popular on Saturday afternoons selling produce, plants and hanging baskets and your custom is much appreciated as it helps the department to survive. Our grateful thanks to a parent, Mr Warren, who has helped supply the department with signs and flags.

With regards to the Year 11 and their BTEC most students completed their horticulture within good time however I would like to highlight new guidelines which stipulate much more stringent adherence to 'hand in' dates. Year 9 and 10 students undertaking Horticulture must keep up to date with projects and prep. Year 7 have been on a trip to the local strawberry farm and we continue to try looking at other areas of horticulture through trips like Barrington Court.

A firm reminder that all students must have steel toe capped boots, overalls in the colour appropriate to their year group and not ones that advertise their favourite tractor company!

As always, my grateful thanks to the whole Horticulture team for their assistance and hard work in making the department run well. (Mr Willcocks)

## Farm News

### Shearing

All the ewes were sheared the week after the boys returned from half term before the flies became too much of a problem, Mr Williams and Mr Kingston showed the boys how to do it before they got to have a go!

### New Calf

Cow No.32 had a calf, a Beef Shorthorn Bull calf from Forrester.

### Open Day

Once again we had a wonderful day on the last Saturday in June for our Country Fair/Open Day. The weather was perfect and we have never had as many visitors to the farm before.

Thirty three boys worked hard to train their cattle or sheep to walk quietly on a halter and shampooed, groomed and clipped them. The farm office looked more like a hair salon with shampoo, a hair dryer and hair cutting kit on Mr Kingston's desk. The results were clear and no one could fail to be impressed as the boys led their animals around the Show Ring in the Grand Parade. Forrester was led out in style to be the star attraction!! The incubating eggs hatched on queue and the new chicks proved to be very popular with children and adults alike.

### Wool Demonstration

Thanks to Mrs Kingston for putting on a very interesting display of wool with spinning, knitting and felted products.

Also on show was some of the felt that Year 7 had been making earlier in the term.

### Meat Sales

Our new marquee was the perfect setting for our 'Farm Shop'.

We had Fresh Brymore Lamb and Rare Breed Brymore Pork for sale. Mr Garrod lit his BBQ and cooked sausages for tasters so that customers could 'try before they buy' which worked very successfully, very hard to resist the wonderful smell of Old English Pork sausages, which had been prepared for us along with various cuts of meat by EWJ Hill in Cannington.

**Lamb for the freezer** If you would like half a lamb for your freezer please contact the farm office 01278 652428 or email [brymorefarm@brymore.somerset.sch.uk](mailto:brymorefarm@brymore.somerset.sch.uk)

**Weaners for Sale** - we also have weaner pigs available now for sale. If interested please contact us at the above number or address. (Mrs Whyte)

## Staff Update

It is always with sadness when we have to say goodbye to staff and a number are leaving Brymore this year. Alison Roberts retires from her post of Senior Matron after 17 years at the school, with Beris White also deciding to retire from her role as matron in September. Both have worked exceptionally hard and devoted many hours to the care of the boys. Roger Sherlock leaves the Design and Technology department after many years' service as the technician for that area. Phillip Ward leaves the learning support team having spent three years supporting many boys within the school and Mark Matthews returns to West Somerset Community College to teach Science. Finally, Nicola Anstice has chosen not to return as Assistant Headteacher and SENCo as she plans to spend another year looking after her children. Nicola played a key role within the Senior Leadership Team, never wavering from her belief that all boys should be well supported and cared for. All staff will be missed.

A number of new staff have either joined us recently, or will be joining us in September. Adam Atkins joins us as Head of Science and is moving into the area having left a senior role in a school in London. Michelle and Nick Craig join the English and Science departments respectively, both bringing experience having worked in Somerset schools for a number of years. Joanne Farr joins the DT department and Claire Bowley the Maths department, again both bringing a good deal of experience with them. The team of matrons will be completely new in September with Jayney Hall and Dawn Gardner leading the team that also consists of Samantha Brind. We are due to appoint one further matron, a replacement DT technician and one more TA over the summer. Harry Orr also joins the school as a Gap Tutor in September, another Brymore boy returning to work here. Bradley Brake has recently joined the site team as an apprentice with Chris Adamson (another Brymore boy) taking over as farm technician. Other staff changes include the permanent appointment of Mr Winter as Assistant Headteacher and Bex Jones takes over the role of SENCo, whilst remaining as Assistant Headteacher. Patrick Coll becomes the Business and Estates Manager and joins the Senior Leadership team. The staffing at Brymore has had to increase as the school has expanded over the past two years, however things should now settle down as the school will have its full complement of year groups in September 2015. (Mr Thomas)

## Staff try something new!

Seventeen members of staff took the opportunity to spend the first day of their summer holiday together jumping off cliffs!

A coastal adventure day was just the way to end a wonderful year and bond a very mixed group as they went sea kayaking and coasteering together with Channel Training near Combe Martin.

A brilliant day was had by everyone with many conquering fears and stepping outside their comfort zones! (Ms Warren)

## Sports News

It's been a very busy term for sport, as Brymore athletes have been all over the South West with different athletics competitions. However, it has been well worth it as we have had lots of success on the athletics field! Firstly our racewalkers were placed 1st (Herb Elliott), 2nd (Charlie Wilson) and 3rd (George Clay) in the South West and will now be heading to the nationals in September. Joining them in Bedford at the nationals will be George Watts who will be undertaking the combined events having represented Somerset at this chosen sport.

Boys were also taken to Millfield for the SASP Summer Games. Some boys were made 'sports leaders' and helped lead events for primary aged children, some boys formed a swimming team, a large group of boys formed small teams for the run and shoot event and a final group undertook rounders and indoor cricket. The teams represented the school magnificently and some performed outstandingly well. The run and shoot boys did amazingly well in a sport they hadn't tried before, had coaching from Olympic Team GB pistol shooter, Georgina Geikie, and we ended up

with a team coming first and third with Henry Scott winning the overall individual competition. The swimming team were competent against a very tough field but success was not to be theirs, the rounders and indoor cricket team fared better as they won and came second in their respective competitions! A really good event for the boys to attend and they even got to meet Olympic sprinter Craig Pickering! (Mr Williams)

### Cricket

It has been a successful season for Brymore cricket with teams representing the school at three year groups. We have reached regional finals of the 'Chance to Shine' competition. In the indoor 'Chance to Shine' competition we narrowly lost to last years' national winners Haygrove but the highlights of the year have to be the victories against Millfield both at home and away. Participation across the year levels in practice has been good and the foundations have been set for cricket to become a key part of Brymore sport. Awards this year go to:

Batting Performance: Henry Scott, 50 Not Out v Millfield

Bowling Performance: Tyrone Pickersgill, 6 Wickets in The Chance to Shine Competition v Chilton Trinity and Haygrove.

Most Improved Player: Cameron Moore

Under 15 competitive cricket caps (kindly sponsored by Miss Bradford) were awarded to:

Harry Dixon	Tyrone Pickersgill
Tom Dixon	Finn Reeson
Matthew Edwards	Henry Scott
Olla Hawthorne	Huw Scott
Cameron Moore	Morgan Scott
Jack Thompson	

(Mr Bagshaw)

## Swimming Gala and Presentation

A swimming gala in the rain doesn't feature high on our list of things we love so it was with some relief that this year was dry (other than for those in the pool!). With the points being won in the pool adding to the overall house points for the FOBSA shield the rivalry between Galsworthy, Taylor and Walker reached fever pitch! For the boys who weren't swimming the cheering was equally important as a way of motivating their compatriots to win. Immediately after the swimming gala we began the presentation of trophies to individuals that had performed outstandingly well this year. Additionally the house captains were on the edge of their seats to see if they had anything to collect! The sun shone and even the Red Arrows gave us a quick fly past as Mr Thomas spoke about what a privilege it is to be a part of Brymore. Walker won the Swimming Gala trophy and Taylor won the overall FOBSA shield for the most house points of the year.

Individual prize-winners on the day were:

### COMMENDATION CERTIFICATES

AWARD	YEAR 7	YEAR9	YEAR10
Agriculture - Academic & practical		Brooks Carey George Clay Corey Druitt Henry Howlett Finn Reeson	Harry Dixon Joe Parkman Matthew Ranson Huw Scott
Support & enthusiasm as a HoD in Horticulture			Harry Robinson Joe Parkman
Highly Commended Plot	Ben Trim		Huw Scott Edward Templeman Cameron Weldon
Commended Work on Plot	Matthew Tyler		
Commended work in class			Huw Scott Ed Templeman Cameron Weldon
Determined & Sustained Effort in Music		Will Seward (drums) Kye Brown (piano)	Dickson Lo (guitar)
Art	William Dare	Lewis Sutor	Joe Parkman
English			Josh Carson

ACADEMIC AWARDS

AWARD	WINNERS		
	YEAR 7	YEAR 9	YEAR 10
Agriculture	Ben Trim	Glyn Hooper	Billy Taylor
Art	William Dare	Harry West	Tyrone Pickersgill
Design & Technology	Oliver Scott	Jack Thompson	Joshua Groom
English	Toby Ranson	Henry Scott	Jason James
Geography	Jack Sindrey	Oliver Newbury-Barlow	Huw Scott
History	Daniel Gregory	Charlie Wilson	Cameron Weldon
Horticulture	Oliver Spence	Cameron Moore	Joe Parkman
IT	Oliver Spence	Haydon Curteis-Lateo	Jason James
Mathematics	George Simpson	Henry Scott	Dickson Lo
PE	Nick Payne	Ryu Perry	Huw Scott
PSHRE	Cameron Kinch	Henry Scott	Valentin Lipitor

535 American Veterans Award	Creative Endeavour/Resourcefulness	Tyrone Pickersgill

**Brymore Lottery**

1st -	Mr Yeandle	£40.00
2nd -	Miss Gregory	£25.00
3rd -	Mr Packham	£15.00

---

## Farewell to Year 11, 12 and 13

We wish every boy leaving Brymore this year every success in the future and hope that they achieve the exam results that the hard work they put in deserves. As boys move on to the next stage of their life we hope that we have helped prepare them fully. We also would like to remind them of two things: firstly keep in touch and secondly that they will always be a Brymore boy!

# 2015 BRYMORE'S UPCOMING EVENTS

### **Monday 7th September**

INSET DAY

4.00 pm New Year 7 and 9 Boarders return

6.00 pm All boarders return

### **Tuesday 8th September**

8.45 am Out-boarders return

### **Saturday 26th September**

#### **Saturday 12th October**

10.00 am - 1.00 pm Open Mornings

### **Saturday 17th October**

10.30 am Upper School Harvest Festival

11.30 am All school Cross Country

12.30 pm Y9, Y10 and Y11 depart

1.20 pm Lower School Harvest Festival

2.30 pm Y7 and Y8 depart

2.30 pm FOBSA AGM (meeting room)
